Leave and earnings statements:

The Department has made a decision to terminate the mailing of the ELBS and will require the first-tier management to offer alternative arrangements to those who do not have access to a computer. In exceptional situations (e.g., employees on extended medical leave with no access to a computer), the CSR's can mail the ELBS.

DOE's ELBS is currently available on-line as follows: current plus 5 prior statements. DFAS's LES is available as follows: current plus 2 prior statements.

DOE is one of the few agencies that "advances" annual leave at the beginning of the leave year. The DFAS system doesn't "advance" annual leave, but allows a negative leave balance equal to the leave that will be earned in the leave year.

How to Read DFAS's LES:

Information that describes the areas on DFAS's LES can be found at the DFAS's web site: <http://www.dfas.mil/money/civpay/les.pdf>. DOE plans to post these definitions on DOE's payroll web site and provide hard copies to each of the Payroll Liaisons.

Definitions of "codes" on deductions area of the sample LES posted on DOE payroll's web site <http://chris.inel.gov/payroll>:

- #1 – Savings allotment #1 to financial institution in block #15 of LES

- AC – A for Standard \$10,000 option; C for family coverage
- K – FERS and FICA (Retirement Code as shown on SF-50)
- F3 – Basic + Option A + Option C (3x) - Federal Employee Group Life Insurance code as shown on the SF-50. Also available through OPM website for Federal Employee's Group Life Insurance Program
<http://www.opm.gov/insure/life/handbook/sf50tbl.asp>
- 105 – Blue Cross and Blue Shield (self and family) - Federal Employee Health Benefits description of code is available at the OPM website
<http://www.opm.gov/insure/01/> (Federal Employees Health Benefit Program)

Where to obtain information not available on DFAS's LES:

- name of the employing agency (Department of Energy will not appear on the statement) – Available on SF-50
- pay period number and beginning date of the pay period – Available at the CHRIS website at <http://chris.inel.gov> (Important Dates, Calendar of DOE Pay Periods and Pay Dates)
- savings bond balances – balance will be zero in the pay period a bond is purchased, employee can multiply number of pay periods since last purchase by deduction amount to determine balance
- agency contributions for retirement, FEGLI, health benefits, FICA/Medicare, and TSP – Available through CHRIS (ESS, Personnel Benefits Statement)
- year-to-date amounts for FICA wages, and federal and state taxable wages – on DFAS LES as Gross Pay and Taxable Wages
- date of birth – Available on SF-50
- scheduled work hours – Available on SF-50
- description of retirement system coverage – Available on SF-50

- number of multiples of additional FEGLI coverage for additional or family options – look up code at
<http://www.opm.gov/insure/life/handbook/sf50tbl.asp>
- all TSP enrollment data except the amount contributed. – DFAS LES includes amount contributed for pay period and year-to-date and percent per pay period, but does not include Vesting, TSP-SCD, Enrollment Status, Status Date. This data is available on the TSP Participant Statement TSP 8-A.

Employee Self Service:

By logging onto ESS, employees will have transparent access to the DFAS's MyPay web site for the following (no new password will be required):

- Leave and Earnings Statement (LES)
- Tax Statement (W-2)
- Direct Deposit for Salary
- Federal Tax Withholding
- Savings Bonds
- State Tax Withholding
- Allotments

Distribution of Pay Checks:

There are five employees who have their paychecks mailed to an address other than their address of record (e.g., office or post office box.). DFAS does not offer this alternative and will send the paychecks to the employee's address of record.

Compensatory time:

Employees who are unable to use compensatory time within 26 pay periods will be paid at the employees' overtime rate on the date the compensatory time was earned. This payout provision applies to employees who are exempt from the Fair Labor Standards Act and those who are not exempt.

DOE's 80 hour limit on carryover of compensatory time will be dropped.

Recording time and attendance:

All current time and attendance systems for Federal employees will be replaced with ATAAPS.

IRS Form W-2:

Because of the transition to DFAS, employees will receive two W-2s for calendar year 2003. DOE will issue a W-2 for the period January 1, 2003 through date of transition to DFAS. DFAS will issue W-2 from the date of transition through December 31, 2003. Employees will receive only one W-2 for 2004 and future years.

- Application hosted: DOE Headquarters, Office of the CIO
- Two Environments: (1) Client Server and (2) Web Access by Remote Site Users
- Roles in ATAAPS:

- Use of default labor and favorites may reduce input by timekeepers.
- New codes for recording T&A are listed in ATAAPS Help.
